11.10.2022

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

- Trade name

DENTIVERA 18MM, DENTIVERA 24MM

1.2 Relevant identified uses of the substance or mixture and uses advised against

Uses of the Substance/Mixture

- Plastics industry

1.3 Details of the supplier of the safety data sheet

<u>Company</u>

Myerson LLC 5106 North Ravenswood Chicago, IL 60640 800-423-2683

E-mail address

orders@myersontooth.com

1.4 Emergency telephone number

800-423-2683

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification (Regulation (EC) No 1272/2008)

- The product is an article and is not subject of the Globally Harmonised System (GHS).

2.2 Label elements

Regulation (EC) No 1272/2008

- The product is an article and is not subject of the Globally Harmonised System (GHS).

2.3 Other hazards which do not result in classification

None known.

SECTION 3: Composition/information on ingredients

3.1 Substance

- Not applicable, this product is a mixture.

11.10.2022

3.2 Mixture

Information on Components and Impurities

Chemical Name	Identification Number / CAS no.	Concentration (%) for white disc	Concentration (%) for tan disc
Aromatic Ketone Polymer	29658-26-2	99.8%	99.8%
Proprietary Additive	NA	0.2%	0.2%
Pigments	Mixture	5 phr	1 phr

SECTION 4: First aid measures

4.1 Description of first aid measures

In case of inhalation

- Remove to fresh air.
- If symptoms persist, call a physician.

In case of skin contact

- Cool skin rapidly with cold water after contact with hot polymer.
- Do not peel polymer from the skin.
- Obtain medical attention.

In case of eye contact

- Flush eyes with running water for several minutes, while keeping the eyelids wide open.
- If eye irritation persists, consult a specialist.

In case of ingestion

- Never give anything by mouth to an unconscious person.
- If a large amount is swallowed, get medical attention.

4.2 Most important symptoms and effects, both acute and delayed

In case of inhalation

Effects

- Mechanical irritation from the particulates generated by the product.
- Thermal decomposition can lead to release of hazardous gases and vapors

In case of skin contact

Effects

- Mechanical irritation from the particulates generated by the product.

In case of eye contact

Effects

- Mechanical irritation from the particulates generated by the product.

In case of ingestion

Effects

- Low ingestion hazard.

4.3 Indication of any immediate medical attention and special treatment needed

Notes to physician

- None

11.10.2022

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media

- powder
- Foam
- Water
- Water spray
- Carbon dioxide (CO2)

Unsuitable extinguishing media

- None known.

5.2 Special hazards arising from the substance or mixture

- Combustible material
- In a fire, the polymer melts, producing droplets which may propagate fire.
- Once started, a fire will tend to self extinguish (see section 9).
- Heating can release hazardous gases.

5.3 Advice for firefighters

Special protective equipment for firefighters

- In the event of fire, wear self-contained breathing apparatus.
- Fire fighters must wear fire resistant personnel protective equipment.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Advice for non-emergency personnel

- Refer to protective measures listed in sections 7 and 8.

Advice for emergency responders

- Refer to protective measures listed in sections 7 and 8.

6.2 Environmental precautions

- Should not be released into the environment.
- The product should not be allowed to enter drains, water courses or the soil.

6.3 Methods and materials for containment and cleaning up

- Keep in properly labelled containers.
- Keep in suitable, closed containers for disposal.
- Treat recovered material as described in the section "Disposal considerations".

6.4 Reference to other sections

- Refer to protective measures listed in sections 7 and 8.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

- To avoid thermal decomposition, do not overheat.

11.10.2022

Hygiene measures

- Wash hands before breaks and at the end of workday.
- Handle in accordance with good industrial hygiene and safety practice.

7.2 Conditions for safe storage, including any incompatibilities

Technical measures/Storage conditions

- Keep in a dry place.
- Keep away from direct sunlight.

7.3 Specific end use(s)

- For further information, please contact:
- Supplier

SECTION 8: Exposure controls/personal protection

8.1 Control parameters

8.2 Exposure controls

Control measures

Engineering measures

- Provide local ventilation appropriate to the product decomposition risk (see section 10).
- Provide appropriate exhaust ventilation at places where dust is formed.
- Refer to protective measures listed in sections 7 and 8.
- Apply technical measures to comply with the occupational exposure limits.

Individual protection measures

Respiratory protection

- When workers are facing concentrations above the exposure limit they must use appropriate certified respirators.
- Use only respiratory protection that conforms to international/ national standards.
- In case of dust clouds/fog/fumes, dust mask type P1.
- In case of decomposition (see section 10), face mask with combined type B-P2 cartridge.

Hand protection

- When handling hot material, use heat resistant gloves.

Eye protection

- Safety glasses with side-shields

Skin and body protection

- Long sleeved clothing

Hygiene measures

- Wash hands before breaks and at the end of workday.
- Handle in accordance with good industrial hygiene and safety practice.

Protective measures

- When using do not eat, drink or smoke.

11.10.2022

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

<u>Appearance</u>	<u>Form</u> : <u>Physical state:</u> <u>Colour</u> :	Disc solid off-white and tan
<u>Odour</u>	odourless	
Odour Threshold	no data available	
рН	Not applicable	
Melting point/freezing point	Melting point/ran	<u>ge</u> : > 340 °C
Initial boiling point and boiling range	<u>Boiling point/boili</u> Not applicable	ng range:
<u>Flash point</u>	Not applicable	
Evaporation rate (Butylacetate = 1)	no data available	
<u>Flammability (solid, gas)</u>	May form combu	stible dust concentrations in air, The product is not flammable.
Flammability/Explosive limit	no data available	
Auto-ignition temperature	no data available	
Vapour pressure	Not applicable	
Vapour density	Not applicable	
Density	no data available	
Relative density	no data available	
<u>Solubility</u>	<u>Water solubility</u> : negligible	
Partition coefficient: n-octanol/water	Not applicable	
Decomposition temperature	> 430 °C Extended period	of exposure (ca. 1 hour).
<u>Viscosity</u>	no data available	
Explosive properties Oxidizing properties	no data available no data available	
9.2 Other information		

no data available

SECTION 10: Stability and reactivity

10.1 Reactivity

11.10.2022

- No dangerous reaction known under conditions of normal use.

10.2 Chemical stability

- Stable under normal conditions.

10.3 Possibility of hazardous reactions

- No dangerous reaction known under conditions of normal use.

polymerisation

- Hazardous polymerisation does not occur.

10.4 Conditions to avoid

- Heat, flames and sparks.
- To avoid thermal decomposition, do not overheat.
- Avoid dust formation.
- The normal temperature for processing this resin exceeds the decomposition and/or ignition temperature of some other polymeric resins, such as polyacetal, polyvinyl chloride (PVC), polypropylene, etc. If PVC or any other resin with a decomposition temperature below 371°C / 700°F is molded or handled in your equipment, these materials can rapidly decompose and/or react with this resin at the temperatures used to process this resin. Inadvertent contamination of this resin with these materials from the material handling system or other equipment can result in a rapid, possibly violent release of decomposition fumes, when the contaminated material is brought to processing temperature. To avoid, thoroughly clean molding and other processing equipment prior to changeover and prevent cross contamination of material handling systems.

10.5 Incompatible materials

- Polymeric resins

10.6 Hazardous decomposition products

- Carbon monoxide
- Sulphur oxides
- Hydrocarbons
- Hydrogen fluoride
- The release of other hazardous decomposition products is possible.

SECTION 11: Toxicological information

11.1 Information on toxicological effects

· ····································		
Acute toxicity		
Acute oral toxicity	no data available	
Acute inhalation toxicity	no data available	
Acute dermal toxicity	no data available	
Acute toxicity (other routes of administration)	no data available	
Skin corrosion/irritation	no data available	
Serious eye damage/eye irritation	no data available	

11.10.2022

Respiratory or skin sensitisation	Sensitization testing was done as per ISO 10993-10. It was confirmed that the product is not a sensitizer.
Mutagenicity	
Genotoxicity in vitro	no data available
Genotoxicity in vivo	no data available
<u>Carcinogenicity</u>	no data available
Toxicity for reproduction and developme	<u>ent</u>
Toxicity to reproduction/Fertility	no data available
Developmental Toxicity/Teratogenicity	no data available
STOT	
STOT - single exposure	no data available
STOT - repeated exposure	no data available
Aspiration toxicity	no data available
Further information	Because the components are encapsulated in the resin and may not be bioavailable in the body, they may not exert the above mentioned health effects. Description of possible hazardous to health effects is based on experience and/or toxicological charactertistics of serveral components. Irritation testing was done as per ISO 10993-10. It was confirmed that the product is not an irritant. Cytotoxicity testing was done as per ISO 10993-5. It was confirmed that the product is not toxic.

12.1 Toxicity	
Aquatic Compartment Acute toxicity to fish	no data available
Acute toxicity to daphnia and other aquatic invertebrates.	no data available
Toxicity to aquatic plants	no data available
Toxicity to microorganisms	no data available
Chronic toxicity to fish	no data available
Chronic toxicity to daphnia and other aquatic invertebrates.	no data available

SECTION 12: Ecological information

11.10.2022

Chronic Toxicity to aquatic plants	no data available
12.2 Persistence and degradability	
Abiotic degradation	no data available
Physical- and photo-chemical elimination	no data available
Biodegradation	no data available
12.3 Bioaccumulative potential	
Partition coefficient: n-octanol/water	no data available
Bioconcentration factor (BCF)	no data available
12.4 Mobility in soil	
Adsorption potential (Koc)	no data available
Known distribution to environmental compartments	no data available
12.5 Results of PBT and vPvB assessment	no data available
12.6 Other adverse effects	no data available

SECTION 13: Disposal considerations

13.1 Waste treatment methods

Product Disposal

- In accordance with local and national regulations.
- Waste characterizations and compliance with applicable laws and regulations are the responsibility of the waste generator.
- Must be incinerated in a suitable incineration plant holding a permit delivered by the competent authorities.
- Can be landfilled or incinerated, when in compliance with local regulations.
- Do not dispose of waste product into drains or watercourses.

Advice on cleaning and disposal of packaging

- Empty containers.
- Dispose of as unused product.
- For unused and uncontaminated product, the preferred options include sending to a licensed, permitted: recycler, reclaimer, incinerator or other thermal destruction device or industrial landfill.

11.10.2022

<u>ADR</u>

not regulated

<u>RID</u>

not regulated

IMDG not regulated

IATA not regulated

ADN/ADNR

not regulated

Note: The above regulatory prescriptions are those valid on the date of publication of this sheet. Given the possible evolution of transport regulations for hazardous materials, it would be advisable to check their validity with your sales office.

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

Notification status

Inventory Information	Status
United States TSCA Inventory	- Listed on Inventory
Canadian Domestic Substances List (DSL)	- Listed on Inventory
Australia Inventory of Chemical Substances (AICS)	- Listed on Inventory
Japan. CSCL - Inventory of Existing and New Chemical Substances	- Listed on Inventory
Korea. Korean Existing Chemicals Inventory (KECI)	- Listed on Inventory
China. Inventory of Existing Chemical Substances in China (IECSC)	- Listed on Inventory
Philippines Inventory of Chemicals and Chemical Substances (PICCS)	- One or more components not listed on inventory
EU. European Registration, Evaluation, Authorisation and Restriction of Chemical (REACH)	 If product is purchased from Solvay in Europe it is in compliance with REACH, if not please contact the supplier.

15.2 Chemical safety assessment

- no data available

11.10.2022

SECTION 16: Other information

Further information

- Mixture in CLP Format

Myerson LLC affirms that the information provided in this Safety Data Sheet is correct to the best of our knowledge, information, and belief at the date of its publication. Such information is only given as guidance to help the user handle, use, process, store, transport, dispose, and release the product in satisfactory safety conditions and is not to be considered as a warranty or quality specification. It should be used in conjunction with technical sheets, but not replace them. Thus, the information only relates to the designated specific product and may not be applicable if such product is used in combination with other materials or in any other manufacturing process, unless otherwise specifically indicated. It does not release the user from ensuring he is in conformity with all regulations linked to its activity.

The inclusion of this statement assures that the information provided in the document is all that had been disclosed to Myerson LLC.
